Spot Wholesale Flower and Vegetable Seed

This list cancels all previous quotations. Prices quoted for immediate shipment, f.o.b. New York, terms to parties with established credit less 2% 10 days, 60 days net, bags extra at cost, not returnable.

DISCLAIMER. Herbst Brothers, give for themselves or their principals, no warranty express or implied as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they sell and will not be responsible for the crop.

REGARDING SEED SUPPLIES

On this list, we offer only such seeds as we actually have on stock at New York and of which we can, subject to our stock being unsold, make immediate delivery.

This does not mean that we are unable to supply many other varieties. We are continually receiving additional stocks, therefore, please send us your list of requirements.

1941 contracts for Flower Seeds to be grown by T. Sakata & Co. have been running in much earlier than usual. We urge you to place your requirements as early as possible so as to avoid disappointments later on.

NOVELTIES

We have ample supply of both Silver Medal Winners, Blue Brocade and First Lady. See colored insert for prices and description.

1941 CROP

BERMUDA ONION SEED

Yellow Bermuda Crystal Wax

At this time it has been customary to place new crop offers before the trade. While we cannot mention a price we are glad to be able to advise that our crop in the Islands is coming along nicely. We have planted ample acreage to take care of our customers requirements, and there is no reason to fear that we will have difficulty bringing the seed from the Canary Islands to the United States.

As soon as we can name a price we will advise you. In the meantime we recommend that you let us know the quantities you will require so that we may make reservation for you.
